

Five Bands

– One Cellular Coverage Solution

Tessco Sku: 528512

The SureCall Force-5™ is the first self-contained, five-band cellular amplifier on the market and offers amplification for Cellular and PCS dual-band, AWS for T-Mobile and LTE for both Verizon and AT&T.

- 80,000 square feet in coverage
- Supports 100+ simultaneous users
- Supports all 2G thru 4G standards
- Easy scalability with the highest integration
- Oscillation detection and auto shutdown

The Force-5 requires 1/5th the space and is a fraction of the cost compared to amplifiers with similar capabilities. High quality and priced to fit into any large in-building project budget. Also includes industry-leading 2-Year Warranty.
